Adequate Notice of this meeting of the Township Committee was given as required by the Open Public Meetings Act as follows: Notice was given to both The Chatham Courier and the Morris County Daily Record on January 6, 2014; notice was posted on the bulletin board in the main hallway of the Municipal Building on January 6, 2014; and notice was filed with the Township Clerk on January 6, 2014.

Mayor Sullivan led the Flag Salute.

Roll Call

Answering present to the roll call were Committeewoman Abbott, Committeeman Gallop, Committeeman Brower, Deputy Mayor Ritter and Mayor Sullivan.

Proclamation

Mayor Sullivan read aloud the attached proclamation for National Nursing Home Week.

Reports by Sub-Committees

Chatham Emergency Squad

Alex Chorney, the Captain of the Chatham Emergency Squad, presented the Annual Report. The squad began 2014 with 85 members, and is at full strength. New volunteers have also recently joined the squad. While some municipalities have had to form paid squads during daytime hours, the Chatham Emergency Squad does not foresee having to do so. The Squad was dispatched 1,043 times in 2013, of which 549 were to the Township. A new ambulance was also purchased in 2013, and several CPR courses were held. The mission of the Squad was also expanded to educate residents to help them be better prepared for medical emergencies. Squad members recertify for CPR annually, while the State requires recertification every two years. The Squad is also always looking for new members, and the physical plant is in good condition.

Committeeman Gallop asked if there is any pending legislation that would affect the Emergency Squad. Attorney Cruz said that there was pending legislation regarding immunity for emergency squads. There is also a pending ruling as to whether or not the Affordable Care Act would apply to volunteers.

Committeeman Brower asked if there are many calls during nighttime hours. Mr. Chorney said that most calls are during the daytime.

Chatham Township Volunteer Fire Department

Chief Bob Evans presented the Annual Report of the Chatham Township Fire Department. The Department has 50 volunteer members, 38 of whom are interior firefighters. In 2013, they responded to 249 calls, and had 4671 man hours. 25 calls were for mutual aid. Radio communications have been an ongoing problem since switching to the County's dispatch system. In 2013 the issues were somewhat mitigated, and the Fire Department plans to continue to address the issue of radio dead spots. Fundraising was down in 2013. The headquarters on River Road is in need of upgrades and repairs, and the Southern Boulevard Firehouse requires some items to be finished. Chief Evans thanked the Township Committee for their support in providing the services of the Township Engineer to help identify issues with the firehouses. Chief Evans also commented on the plans to upgrade, maintain and replace the Fire Department's fleet. The Department would also like to work with the Township and the Green Village Fire Department to develop a vehicle replacement program. The Department is also looking to develop shared services where possible, and membership opportunities are available. Chief Evans also addressed design flaws in one of the Department's trucks. Committeewoman

Abbott asked about the number of fire truck manufacturers. Chief Evans said that there are a few large manufacturers, and several smaller regional manufacturers.

Green Village Fire Department

Chief Kevin Doherty presented the Annual Report of the Green Village Fire Department (GVFD). They serve the portion of the Township that is west of Lafayette Avenue. In 2013, the GVFD had a 5K run, and the emergency services worked well together when one of the runners went into cardiac arrest. Chief Doherty also commented on how circumstances such as the Boston Marathon Bombing can have an impact on how the GVFD prepares for possible scenarios. Chief Doherty said that the heavy snow this winter made trouble for fire hydrants and the hydrant markers. At Christmas, the GVFD had a second Santa Run to help support local businesses. The Department also bought some new extrication equipment. Chief Doherty commented on the procedures for buying new equipment and sharing equipment with other departments. He also addressed training. Regarding responses, alarm calls are up and Chief Doherty addressed the need for residents to inspect their smoke detectors to make sure that the equipment is still functioning properly. For fundraising efforts, they do not do as many mailings, and Chief Doherty cited fundraising events that the Department runs. Chief Doherty said that the County Dispatch is improving, but there are still dead spots. He also commented on purchasing efforts through the County Chiefs Association. Chief Doherty also mentioned that there is a new program for smartphones and tablets that allows firefighters to indicate their availability to respond to a call. Additionally, the County's ID program is starting to move along. The Department is doing flag sponsorships in 2014 for Memorial Day and Veterans Day.

Committeeman Brower asked about the ID program. Chief Doherty said that on 9-11, showed up to the scene to assist. The ID program would help to coordinate the efforts of firefighters in scenarios like that.

Mayor Sullivan asked Chief Doherty to comment on equipment and training costs. Chief Doherty said that equipment costs a few thousand dollars, and training costs about \$500 dollars.

Reports

Committeewoman Abbott reported that the Community Garden is having good progress. She also reported on progress at Colony Pool for the upcoming season.

Committeeman Gallop recognized the Department of Public Works for their efforts to prepare Nash Field for play after recent rain storms.

Deputy Mayor Ritter reported that the Police Department was called to his neighborhood due to a suspicious vehicle, which turned out to be a false alarm, but nevertheless he encouraged residents to remain vigilant and report suspicious activity. Deputy Mayor Ritter further reported that CTEC is continuing work on their recycling survey. The Friends of the Library hosted their annual luncheon recently, and a proclamation and award was presented to John & Helen Gardner in recognition of their volunteer work at the Library. Regarding the Communications Committee, the Facebook and Twitter presence is growing and website traffic is up. An email address will be created so that residents can send one email to all Township Committee members at the same time.

Mayor Sullivan reported that the John Taylor Babbitt Foundation's Walk With Heart event will be held on May 11th. He also reported that the Chatham High School's Girls Varsity Lacrosse team beat Mendham earlier this evening, and they will be advancing to the County Finals.

Committeeman Brower asked about the OPMA implications for the email address for the whole Township Committee mentioned by Deputy Mayor Ritter. Deputy Mayor Ritter said that the Mayor would act as the spokesperson for the Township Committee, or could delegate responding to the appropriate person on the Township Committee or within Administrative Offices.

Engineer Ruschke reported that the contractor for the sewer project will be beginning work on May 12th. Initial notices have been provided to affected residents and posted on the Township website. Residents will be notified before work begins in their vicinity. He also reported that

the Township has received an NJDOT grant for sidewalks on Shunpike Road from Noe Ave to Cougar Field.

Committeeman Brower commented on the ruts on Shunpike Road. Administrator Ciccarone said that the County has allowed municipalities to make emergency repairs and get reimbursed. An assessment will be made if the Township is able to make the repairs.

Committeeman Brower said that he would like to see the employee handbook to be approved in Resolution 2014-107 before voting on the resolution. Deputy Mayor Ritter asked about the changes to the sections on sick days and social media. Administrator Ciccarone said that the changes regarding sick days affect the cash payout upon retirement for unused sick time, and it is now capped at \$15,000. The section on social media updates the language with new mediums.

Committeeman Brower asked about the estimated tax billing and when penalties would begin to accrue. Administrator Ciccarone said that estimated billing allows the Township to send out bills with an August 1st due date despite the delays in the State's budget adoption. Once a formal tax rate is received, the November bills will be adjusted accordingly.

Resolution 2014-107 was pulled from the Consent Agenda so that the Township Committee can review the changes to the Employee Manual. Committeewoman Abbott inquired when anti-harassment training was first required.

Committeeman Brower moved to approve the Consent Agenda. Committeewoman Abbott seconded the motion.

Discussion

Request to Encroach on a Sanitary Sewer Easement

Administrator Ciccarone said that a request was made by a resident to build a deck that would encroach into a sanitary sewer easement. He also said that the Township has traditionally not permitted such encroachments, as there should not be structures in the way in the event that the Township needs to make repairs to the sewer lines. The applicant's attorney has submitted a draft license agreement which would allow the encroachment, and it is at the Township Committee's discretion if they wish to grant permission for the encroachment.

Committeeman Brower opined that he has no objection to the encroachment so long as the Township can get access to the easement when necessary. Administrator Ciccarone noted that repairs to the sewer line would usually be emergency repairs, and he is uncomfortable with the

idea of allowing this. Engineer Ruschke said that modifying a deck would be more complicated to remove than if it were a patio to be installed.

Deputy Mayor Ritter asked where on the map the sewer line actually runs. Engineer Ruschke said that the sewer line would normally be in the center of the easement; however a survey of where exactly the line is located was not available. Mayor Sullivan said that it would be necessary to know exactly where the pipe is before moving forward with this request. This discussion will be continued at a future meeting once the applicant provides the Township with additional information.

Community Garden

Committeewoman Abbott asked if anyone objected to referring to the garden as the Chatham Community Garden rather than the Community Garden of the Chathams. She also said that the Community Garden Committee would like to have a sign put up so people know where the Community Garden is located.

Hearing of Citizens

Mayor Sullivan opened the Hearing of Citizens.

1. George Stafford, 16 Kitchell Ave in Wharton, spoke on behalf of the NJ Highlands Coalition. They are asking municipalities to pass resolutions in support of the Highlands Act. He also provided information on the activities of the NJ Highlands Coalition. Mr. Stafford also commented on the impact that the Highlands Act has on property values.
2. Richard Matlaga, 36 Dale Drive, said that observing Township Committee meetings has been educational. He also inquired about the section of the Committees bylaws pertaining to conflicts of interest. Citing the bylaws, he said that a Township Committee member who has recused him- or herself should not participate in the discussion, and yet a Committee Member spoke as a citizen at a recent meeting after having recused from discussion on an ordinance. Mr. Matlaga said that by speaking as a citizen, the committee member would be participating in the discussions. Attorney Cruz said that members of the Township Committee do not forfeit their 1st Amendment rights by virtue of being an elected official, and speaking as a member of the public is different from participating in the discussion as a member of a public body. Mr. Matlaga said that allowing Township Committee members to speak as citizens is inconsistent with the spirit of the requirement for recused individuals to not participate in the discussions. Mr. Cruz explained the difference between members of a public body holding a discussion and members of the public offering commentary. Committeewoman Abbott said that thought should be given as to where a recused member of the Township Committee should sit, and that they should not sit near the public officials.
3. Tom Basta, 211 Terrace Drive, said that on May 21st the Republican Club will be hosting a Candidates Night event. The event will be open to the public, and the moderator will be Julie Briggs from WMTR. Mr. Basta thanked Administrator Ciccaraone and Township Clerk Greg LaConte for making the Municipal Building available for the event.

Seeing no further comment, Mayor Sullivan closed the Hearing of Citizens.
